

Sakshi Patle

Java Developer | Core Java | SQL | MySQL | HTML | CSS
9343802411 | sakshipatle59@gmail.com | [Linkedin](#) | [Github](#)

CAREER OBJECTIVE

Motivated and detail-oriented B.Tech Information Technology graduate with knowledge of Java, SQL, MySQL, HTML, and CSS. Strong understanding of Object-Oriented Programming (OOP) concepts and software development fundamentals. Seeking an entry-level Java Developer position to apply my technical skills, learn new technologies, and contribute to the growth of the organization while building a successful career in software development.

EDUCATION

Oriental College of Technology

B.Tech in Information Technology, CGPA: 7.9/10

Bhopal, MP

Aug. 2021 – May 2025

TECHNICAL SKILLS

Languages: Java, Basic JavaScript

Database: MySQL, SQL, CRUD Operations, Joins

Technologies: JDBC

Web Technologies: HTML, CSS

Concepts: Object-Oriented Programming (OOP), Data Structures Basics, SDLC

Cloud: AWS Basics (EC2, S3) **Tools:** Git, GitHub, VS Code, IntelliJ IDEA

PROJECTS

Employee Management System | Java, JDBC, MySQL

June 2024 – Feb 2025

- Developed a Java-based Employee Management System using Core Java, JDBC, and MySQL.
- Implemented CRUD operations for managing employee records efficiently.
- Integrated MySQL database for data storage and retrieval.
- Applied Object-Oriented Programming concepts and database connectivity.

Portfolio Website | HTML, CSS, JavaScript

May 2023 – May 2024

- Designed and developed a responsive personal portfolio website.
- Created sections for projects, skills, education, and contact information.
- Focused on responsive design and user-friendly interface.
- Enhanced frontend development skills using HTML, CSS, and JavaScript.

Hangman Game | Core Java

May 2024– June 2024

- Developed a console-based Hangman Game using Core Java.
- Implemented string handling, loops, conditional statements, and user interaction.
- Applied problem-solving and logical programming concepts.
- Improved understanding of Java fundamentals and OOP concepts.

Student Management System | Java, JDBC, MySQL

Aug 2025 – Dec 2025

- Designed and developed a Student Management System for managing student records.
- Implemented CRUD functionalities using Java and MySQL.
- Used JDBC for database connectivity and SQL queries.
- Applied OOP principles to improve code structure and maintainability.
